and  
COMMENT

This afternoon the Tigers are taking a wet-field workout. Coach Schulte had planned a hard scrimmage, using second-string men and freshmen, but the rain caused a change in his plans and gave opportunity for lessons in the style of play that may be needed Thanksgiving Day—play on a wet field. The mere mention of a watery gridiron brings gloom into the hearts of Missouri rooters who last year saw a better team than Kansas go down into defeat in the Rollins Field Lake and who in 1913 saw a team superior to the Jayhawkers nose out a 3-0 victory because of the heavy going, following a morning rain the day of the battle.

The Tigers are not built for a naval encounter. They are light and fast, and as Coach Schulte said this morning, the history of this year's Kansas-Missouri game can be written today, if McCook Field should be anything like the Columbia playground was last year. Going against the Jayhawkers, overweighed twenty pounds to the man, is enough handicap, without that of fighting both mud and mudhens. However, the Tiger coach doesn't pretend to be a historian. He isn't writing the history of the 1916 encounter just yet.

#### Schulte Wants To Keep In Good With the Weather-Man.

With the field fast and dry the Tigers are now ready for Kansas. After a few days' practice in the mud which will follow today's precipitation, a new set of wet-weather plays will be stored up in the brains of the beasts of the jungle, ready to be used in case old J. P. sees fit to open up the heavens. Coach Schulte isn't worrying about a wet field. Of course, he doesn't want it to rain; moreover, he doesn't expect to have his wishes overruled in the matter, but should there be a falling out between the giant "Indian" and the weather man; the Tigers will be out for a Thanksgiving dinner just the same. With the possibilities of football as the game is played today, the Missouri coach can see no cause for worry.

With a fast field granted, Schulte's advance "dope" on the twenty-sixth annual state battle is that it will be a "nice" game. Now "nice," according to Webster means, "pleasing, agreeable, delightful, good, kind, considerate, or the like; as a nice excursion, a nice day, or a nice game." So from that, 3,000 students, 12,000 Columbians and 4,000,000 Missourians agree with Coach Schulte and hope for a "nice day, a nice excursion, and a nice game."

#### Bootholding Tigers Make Betting Bad.

The one thing that is worrying the Tiger coach just now is the cock-sureness of the Tigers themselves in regard to the game. The players are just like the rooters, according to the coach. Missouri followers invade Kansas City and Lawrence with their savings, salaries and life insurance policies, and before a Jayhawker has time to ask what are the chances for a small wager, enough legal tender has been shoved at him to make him think that his state school hasn't a chance in the world of taking the long end of the score. The result is that the Missourians walk home, or, as in 1909, they take a mortgage on the village of Lawrence.

Coach Schulte believes in conservative football, conservative predictions—and conservative wagers.

#### The Tigers' Rest Cure Is Under Way.

The rest cure in the camp of the Bengals is well under way. There was no scrimmage yesterday. Only a light workout was given the team, signal practice, and kicking was the program of the day. Every man will be in condition with the exception of Muir, so the confident Jayhawkers will not have a "soft" time by any means.

Bass failed to appear in a suit yesterday because of boils. The thousand and one cures suggested have failed to drive them away. But his trouble is only temporary and will by no means keep the end out of the fray. He will be handicapped by a lack of practice however, which works to a disadvantage. Giltner is about ready to remove the cast from his hand as the thumb is practically healed. Haines is improving rapidly and is training his toe but is not taking part in any of the heavy work.

#### Seat Sale Indicates A Record Crowd.

All of the seats for the Thanksgiving game placed on sale in Kansas City have been sold to the alumni of the schools. It was thought that all would not be demanded by the alumni and the people of the city would be offered a few, but this is impossible now. About one hundred seats are left for the students and will be kept here until the day the team leaves. It is impossible to say just how many students will attend the game for many of them have bought from two to ten tickets for out of town friends, but from 1,000 to 1,500 students will go, according to C. L. Brewer.

The Kansas alumni committee has

announced the train schedule for the game. The Santa Fe will leave Kansas City at 9 a. m. and will arrive in Lawrence at 10:35 a. m. Leave Kansas City at 10:35 a. m. and arrive in Lawrence at 11:45 a. m. Leave Kansas City at 12:45 p. m. and arrive in Lawrence at 1:45 p. m. On the return trip these trains will leave Lawrence as soon as they are loaded after the game. The Union Pacific special train will leave Kansas City at 12 noon and arrive in Lawrence at 1:15 p. m. Returning this train will leave Lawrence at 5:30 p. m. and will arrive in Kansas City at 6:45 p. m. Suburban electric trains will leave Kansas City every hour on the half hour, reaching Lawrence two hours later, observing the same return schedule.

#### Johanne Miller To Be Seen In Action Saturday.

The final game of the season will be staged on Rollins Field Saturday when the Varsity lines up against the All-Americans. The Varsity will be made up of substitutes and not the regular men as some think. The All-Americans will be composed of the ineligible from other schools, and freshmen. Coach Miller of the freshmen will assist his proteges.

There is still some chance of the freshmen and seniors staging the class game according to Director Brewer. After squabbling over time, men and almost everything imaginable they have started negotiations again and will probably play in the next few days.

The Intercollegiate Athletic Association, at a recent meeting, decided to institute a new plan of giving complimentary tickets to the Varsity men. The first year men will be awarded one, the second year two and the third three. This plan will be started with the Kansas game and will apply to all future contests. This will be done to award the men according to their years service on the team.

#### Tigers Have Lugged Ball More Than a Mile This Season.

Missouri, in the six games not including the Central affair, has advanced the ball 232 yards more than a mile by carrying the ball on straight football. This record exceeds that of any other Missouri Valley team according to Coach Schulte. In these six games the Tigers have piled up 99 points to 33 by their opponents.

#### Engineers Win From Lawyers by 14-0 Score.

Peck's line plunging in the first few minutes of play and Edwards' pretty run for fifty yards after receiving a 25-yard pass from Hungate were responsible for the Engineers' 14-0 victory over the Lawyers yesterday afternoon on Rollins Field. Both teams played good defensive ball, but the superiority of the Engineer backs and the breaks of the game decided the contest against the prospective attorneys.

A poor punt by the Lawyers, which went outside on the 20-yard line soon after the first kick-off, gave the Engineers their chance, and they took advantage of it before their opponents could get their bearings. The rest of the half was played in the Lawyers' territory, but neither side could develop enough strength to gain consistently.

In the second half the Lawyers opened up, working the ball to their opponents' 14-yard line by a series of passes and line plays, but soon afterward the Engineers took the ball and Edwards, their freshman halfback, grabbed a pass, and eluding the pursuing tacklers, crossed the goal line for the second touchdown. Peck kicked both goals.

The entire backfield, Stablein, Fivecoats and Cornelius, did the best work for the winners, while Murry, who took the forward passes, Cockshoot and Mandry put up good games for the losers. "Puny" Waldon and "Tiny" Carpenter, the 250-pound lawyer guards, proved immovable in the line, but "Puny" only lasted half of the game.

#### The line-up follows:

ENGINEERS (14)	LAWYERS (0)
Ronzone, le.	re, Brown
Stablein, lt.	rt, Cockshoot
Dale, lg.	rg, Waldon
Spaid, c.	cg, Cox

##### Lose Game With Texans.

In a football game played Monday at Corpus Christi, Tex., between teams of Texas and Missouri guardsmen, the Longhorn soldiers swamped the Tiger warriors 33 to 0. The dis-

patch states that many college stars of both states were in the line-ups. It is believed that the Missouri team is the one upon which "Chuck" Wilson, Tiger captain in 1913, and "Tubby" Cornell, a former student in the University, are playing.

#### LOCAL SUFFRAGIST IS HOPEFUL

Mrs. Walter McNab Miller in Washington to Represent Cause.

"The presence of Miss Jeannette Rankin, a former member of the Congressional Committee of the National Woman Suffrage Association, on the floor of the House during the coming fight for the federal suffrage amendment will be a tower of strength to us," says Mrs. Walter McNab Miller, first vice-president of the association, who is now in Washington, D. C., to direct the campaign for the amendment.

Suffrage leaders at Washington predict a vote on the federal amendment in both houses of Congress in the session beginning December 4, and the final submission of the amendment to the states for ratification before the adjournment of the Congress just elected. The opinion comes on the strength of written pledges which have been received from successful congressional candidates.

In speaking of the election, Mrs. Miller says: "Some of us are pleased and some of us are not as to the presidency, but we are all pleased now that the national association maintained its historic non-partisan attitude and antagonized neither the Democrats nor the Republicans. There will be no party opposition, open or under the surface, in either House. We are working for equal suffrage and nothing else."

"This non-partisan policy was settled for us when the first state granted women the ballot. That was Wyoming. It was William Bright, a southern Democrat, president-elect of the territorial council, who introduced in November, 1869, the first bill granting women full suffrage. Bright did it chiefly because he resented the disfranchisement of women in the face of the enfranchisement of the negro. His bill passed the Democratic legislature and was signed by the Republican governor."

"When the suffragists in the east saw the bi-partisan character of the support which the bill had received, they adopted the policy of strict, non-partisanship. Every thing they have won has been by that policy, and the situation today after the election closed amply justifies the wisdom of the course."

#### LEAGUE CONDEMNS BOONE JAIL

##### Civic Reformers Consider Enlisting Boy Scouts in City Canvass.

The insanitary condition of the Boone County jail and the city hold-over was emphasized in the talk of Mrs. D. A. Robnett, chairman of the Boone County Board of Visitors, before the Civic League yesterday afternoon. Lack of employment for the inmates, who put in the day sleeping, was mentioned. Mrs. Robnett complimented Mr. and Mrs. George H. Cox on the management of the county infirmary, saying the only fault to be found there was the crowded condition.

"The State Board of Charities and Corrections," said J. L. Wagner, secretary of that organization, "is composed of men appointed by the governor for six years. It is our duty to hold conferences in the various parts of the state and to help better the conditions in the charitable institutions."

A suggestion was made that the card system in use by the Kirksville Civic League be adopted. This plan is to supply local troops of Boy Scouts with cards to be filled out with information as to conditions existing in and around every home in Columbia. The Scouts gather this information after a canvass of the city. The proposition was carried over until the next meeting.

Corwin Edwards, representing the civics class of the Columbia High School, offered its assistance to the league in cleaning up the city.

The committee on "Better Movies" reported that the Odeon had consented to run pictures for children every Saturday for thirteen weeks, providing the league would dispose of 600 tickets guaranteeing attendance.

#### BOOCHE'S TO EMPLOY EXPERT

##### Frank Clifford, Manager, Will Give Exhibitions and Teach Beginners.

Booche's a local billiard parlor, will be the scene of many matched and exhibition billiard contests this winter, for O. G. Maggard, owner, has engaged a manager who will meet all comers. The new manager is Frank Clifford, known as one of the best carom and pocket billiard players in the United States. He has toured with Lew Shaw, the former champion, and other notables. For the last few months Mr. Clifford has been giving exhibitions in Kansas City. He was floor manager of the Empire, a billiard "show place" of which A. F. Killick (Fatty Lewis) is part owner. In a recent 1,000-ball exhibition with

Joe Maturo, the challenger for the world's title in pocket billiards, Clifford scored more high runs than had ever been scored in a match of this kind.

Mr. Clifford will arrive Monday and will be on hand to answer all questions on billiards and give free instruction to beginners. Every evening he will give exhibitions or enter a matched contest at Booche's with other well-known players. Mr. Maggard will bring Willie Hoppe, the world's champion billiardist, to Columbia to meet Clifford later in the winter when the champion begins his tour.

## To the Freshmen of the University of Missouri:-

Very soon you will proceed to resume your normal appearances, for, in a few days, you will cast those conspicuous little "sky-piece" to the place where you think they belong or else you will preserve them among the sacred mementos of your college days.

We are asking you for the honor of furnishing you with your first "Missouri Hat" or real, 'civilized' cap. In anticipation of this event, we have brought on several late Fall and Winter Hat styles which brings the total number of hat models we're ready to show you up to fifty-two. Then, too, most of these are John B. Stetson hats that sell for \$3.50 and \$4.00.

We will be especially glad to see you and invite you to inspect these **Barth Hats and Caps** at your earliest opportunity.
